Advice to Mothers
Have you had baby's photograph
taken?
It's an art to take baby's photo-
graph as it should be taken. To catch
his roguish little smile, his pretty little
dimple. Such photographs become prized
reminiscences of babyhood's days in
years to come. We have had years of
experience in photographing children.
They always look their best when we
take them. No troublesome posing.
Snap them in a jiffy.

LAIGHTON,
The Photographer.

NOTICE
On account of the excellence of the
work done in Norwich by the Everett
Forestry Co. of Providence for many of
the members of the Woman's Guild and
their agreement to place one of their
large portable spraying outfits on the
work commonly done by the Guild, pri-
vilege is given to the public that the
workman may dispose of the old apparatus,
discontinuing the work, and recommend
the Everett Forestry Co. to all who are
interested in the protection of their
trees.
The work of the Everett Forestry Co.
is guaranteed for the season, and the
company will hold itself in readiness
to re-spray any of the trees free of
charge if there is any danger of dam-
age to the foliage. Three spraying out-
fits and sixteen workmen will be re-
quired to handle the work of the com-
pany in Norwich and the adjacent ter-
ritory and on account of the volume of
these operations it is well to enable all
to receive the most thorough scientific
work at a nominal cost.
From extensive and advice given abso-
lutely without cost.

FEET FEEL FINE

No More Sore, Tired, Aching, Burning,
Weary Feet Since EZO Came to
Norwich.

Perhaps you have tried them all, but
EZO is different.

It's a refreshing and refined ointment
and is so full of medicinal virtue
that the poorest pair of tired, worn
out, all in feet, will feel better in two
minutes.

And so easy to apply—no fussing
around—just rub it on and rub out all
the pain and burning. It's for corns,
bunions and callouses also, and the
quick relief it gives will make you
wonder why you never heard of it
before.

EZO is the one sure certain maker
of happy feet. It's the real thing to
make feet as good as new over night.
If your work forces you to stand on
your feet most of the day you simply
can't be happy till you get a 25-cent
jar of EZO.

Druggists everywhere sell it. Gen-
erous jar for a quarter—substitutes
won't do, mail orders filled, charges
paid, from Ezo Chemical Co., Re-
chester, N. Y.

Seeds

If you have overlooked any part of
the seed planting it is too late to ex-
periment with poor seeds. All our
seeds are northern grown which as-
sures good results in this climate.
Many of our peas and beans cost us
double the market price on varieties
not so choice and virile. We cater
to those who want the best.

Screen Doors

The flies may not have bothered you
yet, but a few good layers in the house
early in the spring means flies born
under your roof every hour during the
season. You must not delay screening
your house if you want to be safe.
